

**PROGRAM CANCELLATION FORM**

**Program Title:** Computer Repair Technician

**Program Type:**    AAS    AAS-T    AST    ATA    Certificate   X   Award of Competency

**Requested by:** Gary Brandt **Date:** April 30, 2014

**Dean of Academics:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Rationale for Cancellation of Program:**

**Program does not fit with current model for the programs of study in this field of technology**

**There have not been any students declared in the Award of Competency in Computer Repair Technician who have taken classes since Fall 2009, based on Jenzabar enrollment reports. Thus, there are no continuously enrolled students in the certificate program. We no longer offer this type of program (2 quarter long award of competency) and the name of the program type is confusing since it is very similar to the award of completion.**

**Approval Signatures:**
