

COURSE REVISION

Northwest Indian College Curriculum Committee

COURSE INFORMATION BEFORE PROPOSED CHANGE

Course Subject Code and Number: Multiple courses - see attached list Course Title: See attached list

Rationale: Programs of Study no longer require courses coded NASD as a result of recent program revisions that incorporate Foundational Requirements into all programs of study. This course revision removes NASD course coding from courses in the print catalog effective immediately but leaves the NASD courses coding in the electronic catalog until June 30, 2015 in order to support students who are completing the current version of programs of study that require NASD coded courses. As this action is only removing the NASD designation and making no other changes to these courses, no syllabi or course outcomes forms are being included with this course revision form.
