

Bridging Cultures Conservation Corps: A Natural Resources Career Exploration Program

Montana Conservation Corps is partnering with the U.S. Forest Service to offer a corps experience to college seniors to gain skills and experience to pursue a career in natural resources. Participants will live and work outdoors with fellow crew members on public lands in Montana while engaging in service learning, trainings, hands-on field projects, networking, and mentorship activities that prepare them for federal opportunities.

2013 Program Dates:
June 10 - October 8

Participants receive:

- 640+ hours of skills training/practice
- First Aid & CPR training
- Mentorship with U.S. Forest Service employee
- After service networking
- Information on applying for federal jobs
- Public Lands and Citizenship Education
- Living stipend and education award

We provide reasonable accommodations for qualified individuals.
We are an equal opportunity employer.

*This opportunity is made available through
a partnership of*

Tools for Living. Experience for Life.
